EAN: 73-30130-01392-6

ABOUT

With a standard 9-pin Dsub at one end and a 9-pin J1939-13 Type II compliant CAN connector at the other, this 30 cm cable connects the Kvaser Leaf v3 or any CAN interface to a heavy-duty vehicle. Kvaser's adapter cables have an IP67-rated, ruggedised construction that meets demanding use cases. An in-house designed compact J1939-13 connector attaches to the cable with extra strong strain relief, allowing the cable to bend easily to 90 degrees.
